

INTER ISLAND TRAINING AND TESTING CENTRE

(Bangladesh Branch)

It gives me great pleasure to extend my warmest greetings to everyone associated with the Interisland Training and Testing Centre (IITC) Bangladesh. As the Overseas Managing Director of the Interisland Group of Companies, I take immense pride in witnessing the tremendous growth and impact that IITC has achieved in a short span of time.

At Interisland, our vision has always been to bridge global opportunities with local talent. The establishment of IITC Bangladesh represents a vital step in realizing this vision—empowering the skilled and ambitious people of Bangladesh to build sustainable and prosperous careers across international industries.

Over the years, I have seen firsthand the dedication, discipline, and determination of the Bangladeshi workforce. What they often lack is not capability, but access—access to world-class training, proper certification, and structured recruitment channels. IITC was founded to close that gap, ensuring that every individual receives the right technical education and global-standard assessment needed to excel abroad.

Through IITC's specialized training programs, modern facilities, and strong alignment with global industry requirements, we are creating a direct pathway for Bangladeshi professionals to work with confidence, competence, and credibility on international platforms. Our mission is not just to deploy workers—it is to nurture professionals who represent

I extend my sincere appreciation to the entire IITC team for their unwavering commitment and professionalism. Together, we are shaping futures, transforming lives, and strengthening the bridge between Bangladesh and the world. As we continue this journey, I remain fully dedicated to supporting IITC's growth and ensuring that our shared goal—to empower people through skill and opportunity—reaches even greater heights.

Thank you for your trust and partnership with Interisland Group of Companies. Let us continue to move forward together—building success stories that make both Bangladesh and Interisland proud.

Warm Regards,
Mr. Elvis Thong
Managing Director,
Interisland Group of Company

Welcome to IITC, a pioneering training and recruitment agency dedicated to empowering the people of Bangladesh to achieve their aspirations on a global stage. With a deep-rooted commitment to addressing the challenges of unemployment and skill gaps, we strive to create pathways for meaningful international employment opportunities.

My professional journey began in the Ready-Made Garments (RMG) sector after completing my MBA in product & Fashion merchandising. Over six years in the industry, I gained valuable insights into workforce dynamics, management, and the critical role of skill development in professional success. However, my experiences also revealed a pressing concern—the limited access to specialized training for many individuals in Bangladesh, leading to constrained career opportunities and economic growth.

Motivated to make a difference, I founded IITC with a clear mission: to equip the people of Bangladesh with industry-specific skills that meet international standards, ensuring their competitiveness in the global job market. Our focus extends beyond training; we identify high-demand sectors worldwide and design targeted programs to prepare individuals for promising careers abroad. Additionally, we collaborate with global employers to provide secure and rewarding placements for our candidates.

At IITC, we believe that everyone deserves the opportunity to build a better future. Our comprehensive approach combines quality training, personalized support, and reliable recruitment services, enabling individuals to transform their lives and contribute to their communities. By bridging the gap between potential and opportunity, we aim to empower our nation, one success story at a time.

As the Managing Director, I take immense pride in leading this transformative journey. Together with my dedicated team, we are committed to creating a brighter future for the people of Bangladesh. Let us join hands to turn dreams into reality and drive economic progress through global opportunities.

Thank you for visiting IITC. We look forward to partnering with you in this exciting endeavour.

Warm Regards,

Eftakhar Uddin Chowdhury

Managing Director,

Interisland Training and Testing Centre, Bangladesh

About Inter Island Group of Companies

Interisland Group of Companies is a globally recognized organization dedicated to bridging the gap between skilled professionals and international employment opportunities. Established with a vision to empower individuals through world-class training, ethical recruitment, and sustainable global partnerships, Interisland has become a trusted name across multiple industries and countries.

With years of experience in overseas manpower deployment, technical training, and project management, Interisland stands as a symbol of reliability, professionalism, and excellence. Our operations span across various sectors including construction, oil & gas, engineering, hospitality, and shipyard industries—providing skilled manpower to some of the world's leading companies.

At the heart of our success lies our commitment to quality, transparency, and people development. We believe that every individual deserves a fair opportunity to succeed, and we take pride in equipping them with the technical expertise, certifications, and confidence required to thrive in competitive global markets.

Through our extensive network of training and testing centres—including Interisland Training and Testing Centre (IITC) Bangladesh—we ensure that every candidate meets international standards of performance and safety. Our strategic collaborations with reputed employers worldwide help us provide secure, rewarding, and long-term employment placements for our candidates.

Interisland's mission extends beyond recruitment—it is about creating sustainable careers, uplifting communities, and contributing to national development through global opportunities.

Inter Island Training and Testing Centre Bangladesh

Interisland Training and Testing Centre (IITC) Bangladesh is a proud subsidiary of the Interisland Group of Companies, established with the mission to develop a globally competitive workforce from Bangladesh. As a premier technical training and assessment institute, IITC is dedicated to equipping individuals with the practical skills, professional discipline, and international certifications needed to excel in global industries.

At IITC, we focus on bridging the gap between local talent and international employment opportunities. Our training programs are designed in alignment with global standards, covering a wide range of technical fields including Mechanical, Electrical, Welding, Pipe Fitting, Scaffolding, and Steel Reinforcement, among others. Each program combines theoretical knowledge with extensive hands-on practice, ensuring that trainees meet the expectations of international employers.

We take pride in our modern facilities, qualified instructors, and rigorous testing procedures that guarantee the highest level of skill and safety compliance. In collaboration with global partners and employers, IITC also facilitates recruitment and placement for successful candidates, helping them secure stable and rewarding careers abroad.

Our commitment goes beyond technical training—we aim to empower individuals, uplift families, and strengthen Bangladesh's position in the global workforce. Through professionalism, integrity, and excellence, IITC continues to play a vital role in shaping the future of thousands of skilled professionals across the nation. At IITC Bangladesh, we don't just train workers—we build futures.

Inter Island Training & Testing Centre

IITC meanwhile earned a License for employment in foreign countries based on their capabilities. IITC is now an authorized Company that can recruit skilled and experienced personnel suitable for specific positions against any demand from any country and holds the responsibilities. Since IITC holds responsibilities, therefore, it recruits the individual after a process of understanding the candidate's capabilities and professionalism. IITC observes all Bangladeshi laws and policies for employment abroad.
